SIXTY-SECOND SUCCESSFUL EXHIBITION

The Oxford County Agricultural Society on Their Grounds

THE BEST SHOW OF ALL

Fine Hall Exhibits—Fast Trotting—Big Lot of Cattle—Swine, Poultry, Fakers,
Agricultural Implements, Merry-go-round, Drawing Horses and Oxen.

Tuesday's Fair Story.

The shower of Monday afternoon
cleared the air and laid the dust, the
next morning dawning bright and clear.
At an early hour the grounds were astir,
exhibitors were coming in, and down on
the pike men were coming preparing their
stands and stocks for sale. Many of
them are men who have year after
year been at this fair, and are familiar
to frequenters of amusement row. They
are like old friends: Others are new to
this cattle show, and are opening the
season's run with the Oxford County's
big show.

A very few cattle and horses entered
in the pulling matches were present,
and their owners were preparing for
their exhibit. In both upper and lower
halls exhibitors were busy, and in this
department it would seem that the dis-
plays were further advanced and more
extensive than for some years past.
The lower hall exhibit was not ready
and seemed to be about the same as in
preceding years.

The agricultural implement depart-
ment is rather neglected at this fair.
W. C. Cole and A. W. Walker & Son
being the only exhibitors. The latter
exhibit however is a fine one and fills a
quarter of all the space devoted to the
department. The machinery is the
latest and most approved for practical
farmers use.

Monday's String of Horses.

A stroll down past the horse sheds,
Monday afternoon, revealed that a larger
portion of the sheds were occupied.
The hostlers were leading their horses
up and down near the stalls, while knots
of horsemen went here and there view-
ing the horses of their acquaintances
and discussing the chances in the con-
test.

Irving Rowe of Portland had Vermont
Chimes, which was entered in the 2.20
class. This horse had been worked but
thirty days and won two heats at the
Cumberland county fair in Gorham, last
week.

Dr. Nutting of Boston, had Tommy
Woodstock, which was entered in some
classes but thought would not start. E.
W. Hunt of Portland showed Sprague
Nutwood entered in the 2.20 class.

Two horses entered by L. A. Bartlett
of Belgrade were Nelsonita and Harry
Miller, both of excellent blood, and the
prospect seemed that they would make
good showing. E. F. Brown of Grove-
ton, N. H., showed Roland L., a clean
appearing horse. In the 2.20 class C.
D. Tarbox of Harrison had entered Dr.
Jack, a winner of many races, and with
a record of 2.20 1/4.

One of the newest and best appearing
horses shown was the 3-year-old colt
Red Elm Boy exhibited by F. H. Wilkin-
son of Groveton, a clean stepper and
very graceful appearing, which attracted
the attention of the crowd. The same
owner showed Chick, which he en-
tered in the 2.20 class. Stuart McKay
of Berlin, N. H., had Eizetta, entered in
the 2.20, and Atlanta, which would trot
in the 2.50 class.

C. C. Mayberry of Mayberry Farm,
Casco, had four horses present, Casco
2.25, Asia in the 2.30 and Albertus 2.25.
O. M. Stuart of West Gray came after
prizes with Little Glimmer of the Bay-
ard Wilkes strain, with a record made at
Gorham last week, 2.23 1/4, and Fair
Money by Robert MacGregor, and near
relative to Cresus, which entered in the
2.20 class.

N. J. Pons of Cornish had two horses,
Pointer Patchen, which is certain to
make a good showing, having made sev-
eral times 2.27 1/4, and Dr. Keene whose
mark is 2.30 1/4. George Bonallie of Lew-
iston is present in the 2.20 class and Boynton
marked 2.27. Both horses driven by
Harry Woodbury.

Randall Bros. of Portland have en-
tered A. H. B., 2.19 1/4, in the 2.20 class,
and Commodore Dewey 2.14 1/4 in the
2.20 class. Edwin L. in the 2.25 and St.
Elmo, 2.16 1/4 in the free-for-all. F. O.
Walker of Rumford Falls had Lila
Wilkes, 2.24 1/4, by Alcayone, Alcay H.
in 2.30 class by the same and Farnum
cheenoe, 4 years old, with record of 2.42
as a 3-year-old.

Prof. W. R. Chapman of Bethel, mu-
sical director, horseman, and all round
good fellow, entered in the 2.25 class
Bonney Nelson, whose mark is 2.24 1/4,
and Miss Sticks, marked 2.26 1/4 in the
2.27 trot. His driver is Hinetta. Her-
bert Hastings of Bethel has Orphan
Wilkes and Alcaymont, and jokingly
said he entered them in the slowest
classes. The list of entrances don't read
just that way.

Walter E. Gordon, Sweden, has en-

tered a pair of three and four-year old
colts in the class of best matched and
all round team. They weigh 2750
pounds and are handsome.

Agricultural Implements.
Under the grand stand is the usual
supply of agricultural implements. A.
W. Walker & Son of South Paris show
the Cambridge swiv. 1 plow with cruci-
ble steel mold board, and iron beam,
tooth and disk harrows made by Beecher
& Taylor, National reversible sulky
plow, Arlington spring plow with wood
beam. Eclipse plows, New England
horse hoes, cultivators and weeder,
also land plows, a large and fine exhibit.
W. C. Cole, Norway, shows Planet
horse hoes.

Down the Pike.

What a hubbub, a veritable babel
arises as one draws near the amusement
row, formerly called the Midway and
now the Pike. The whistle of the mer-
ry-go-round, the by no means classical
music of the organ, the crack of a target
rifle, the crash of a base ball which has
hit a midge, the ring of the bell as the
striking machine scores one, the un-
earthly shriek of the balloon whist, and
above all the babel arising above the
voices of the many friends who meet
each other and talk, laugh and
shout. Among the merchants are:

J. H. Fletcher, the candy-maker of
Norway, has a new tent where he sells
confectionery home-made.
Charles E. Chase of Portland is an
original man, who is somewhat new to
this fair. He is the original, true, and
not the only pop-corn man. If there
are any ways of showing pop-corn that
he doesn't know tell him about and
receive "the glad hand." He's a whole
show in himself.

Harry Dalton of Portland as usual has
a generous stock of fruit, frankforts and
drinks.

J. W. Kenigan serves as usual Rhino-
bronzo, the new summer drink made
from Dr. Cole's famous prescription.
It bears a strong family resemblance to
other wet goods sold on the grounds and
is guaranteed to wet the whistle and go
to the stomach but not to the head!

Percy H. Nevers, Norway, has the old
familiar stand next to the merry-go-
round, with a large stock of New-
found beer, cigars and the like. Nevers'
teams was around the grounds most
of the time and sold at wholesale and
retail.

O. P. Smith, Mexico, had the Black
diamond, the pin game of the ball rang-
ered, decorated in the national stand-
ards of America and France.

O. L. Ames of the Bridgton bakery has
a stand selling something to eat,
drink and smoke, displayed and meeting
with ready sale were doughnuts, pean-
uts, wafers, bottled drinks and lemon-
ade.

J. O. Elwell, the veteran frankfort
man of Brunswick, has his goods on
a stand accompanied by cigars and bottled
sodas. His sales last year were 265
pounds of frankforts.

Elbridge Walker, Norway, has set up
a stand for the sale of ice cream, fran-
kforts, and bottled drinks, which met
with ready sales.

Barney Kaslovsky of Portland had a
travelling lunch cart, sandwiches, ice
cream and coffee was his stock in trade.
C. A. Caswell & Co., Lewiston, had the
corner stand with the regular sup-
ply of frankforts, ice cream, coffee,
cigars and bottled ginger.

Twenty cattle pens have been erected
at the southern end of the ground below
the horse stalls.

Chaplin Fleck of Westbrook has just
below the merry-go-round a traveling
lunch cart and sold beans and frankforts,
coffee and bottled sodas.

C. O. Pulsifer of Portland had a small
stand with some fine looking sandwiches
and turnovers.

Bert Chipman from the Forest city
had what he called a jungle board one of
the one board family and where every-
one got some prize.

John Donity of Lynn ran a novelty
game and caught the nickels of the
sporty boys. John Murphy, also of the
shoe city, ran the African dodger, a con-
test you don't target in the mouth.

L. C. Varney, Mexico, had a stand
with candy, peanuts, cigars, frankforts
and ice cream.
Savage & Co., Gardiner, had a ball
range, the target being tenpins and the
counter was decorated in National
Colors.

Michael Gallagher, Lewiston, bid for
the trade of smokers and the dry men
with cigars, now, ginger ale and moxie
in a large tent with lots of stock.

Our old friend, Clarence P. Beal of
Portland had a West End dairy team
with his very superior ice cream served
in the new ice cream sandwich which
was one of the smoothest articles of the

kind sold on the ground. He was ac-
companied by Mrs. Beal.

E. Doyle of North Turner Bridge, a
veteran of amusement row, had a ball
range with the black dolls as targets and
tried the skill of amateur ball tossers.

M. L. Berube, Lewiston, sold drinks
of all kinds and cigars. His stand was
busy all the time. Victor Herby, Lewis-
ton, occupied the other half of the same
stand with sandwiches, fruit and cigars.
Harry Butler also from the Spindle city
had a neat stand with frankforts and uno-
beer.

John Sullivan, Lewiston, ran a lunch
stand. Cole & Shaw of Norway ran an
African dodger which wasn't hit very
much though every one tried it. Murray
of Lewiston ran another dodger taking
lots of nickels.

Joe Posell, Lewiston, sold in a small
tent moxie and similar drinks and also
confectionery and cigars.

F. A. Beck of Beck's Bazaar, Norway,
had the booth used last year, made from
fountain, bottled beer, moxie, cigars,
candy and ice cream. He has lots of
trade.

W. E. Morrow of Lewiston is the tin-
type artist. Every one wants a picture
of himself and best girl to keep and re-
member the fair with. His tent is cov-
ered with specimens of his work. This
is his 13th year at this fair and has been
many times at all the fairs and also in
the state of Florida.

Malden Whip Co. has the whip stand,
the latest ones, the toy whips, and all
sizes, descriptions and grades.

At the upper end of grand stand
Morris Klein of Norway has as for some
years a counter with peanuts, fruit,
moxie and cigars, turnovers and pies.
His boys sell peanuts on the stand. He
also has the stand at the lower end of
the grand stand with the same goods
and frankforts.

In the square between exhibition
building and the big gate, Lunt, Moss &
Co. have running a gasoline engine, of
the Weber make and one of the best of
the class.

James Gontier and Henry Lessard of
the Lewiston police force were on duty
at the fair and attended to their duties
in a very acceptable manner.

John Smith of Lewiston had a large
square tent and sold uno, moxie and
other bottled goods.

S. Cohen, Portland, has stand with
whistles, toys, fans, canes, whips and
other things to take the eye of the small
boy.

Boston and New York Fruit Co., Joe
Bill representative, had a team load of
bananas.

H. E. Crockett, Portland, made the
key checks and rings and made a good
sale of those necessary and useful
articles.

Drawing Horses.

There is always a good crowd gathered
at the pulling matches the test alike of
the skill of the driver, the strength and
ability to pull together of the horses.
This year the pulling events were begun
Tuesday afternoon with two events of
the horses. This to many was a wel-
come change as it is usually very late
when the events are completed accord-
ing to the former program. The first
event was light class 1000 to 1200. The
load was 5484 pounds.

The first pair belonged to Charles
Richardson, Greenwood, driven by Len-
hall Bates, a fine pulling pair weighing
2800 pounds, clever and smart, drew
their load 149 feet, 6 inches.

Second pair weighing 2384 pounds,
driven by Walter Penley of Greenwood,
pulled in a zig-zag course. They gained
123 feet, 8 inches.

The third pair started belonged to S.
C. Colby, with Paris and weighed 2,800
pounds. After pulling three minutes
and a half a lame was broken and a rest
was given while damage was repaired.
The distance made by the team was 96
feet, 8 inches.

The fourth pair belong to the Paris
Manufacturing company and were driven
by F. J. Keene. They weighed 2,830
pounds and drew the load 109 feet and
11 inches.

On finishing this class the class of
heavy horses 1200 to 1400 was pulled.
The load weighed 6884 pounds. There
were three entries. The first was a pair
of dark horses owned by the Paris Man-
ufacturing Co. and driven by George
Proctor. They drew the load 23 feet, 2
inches.

The second was another team of the
Paris Manufacturing Co., grays, weigh-
ing 2740, driven by Rose Marston. They
made a distance of 110 feet.

The third starter was W. B. Packard
of Canton, driving a team weighing 2605
pounds, and got a distance of 41 feet, 10
inches.

Oxford 11; West Paris 1.

Oxford and West Paris crossed bats
last Tuesday afternoon, the former win-
ning in a one-sided contest.

West Paris could do nothing with
Adams' delivery, only three men hitting
safe.

"Bob" Shaw pitched the first six in-
nings for West Paris, and J. Farnum fin-
ished the game, but failed to stop the
run getting.

The Baby Show.

There were forty-nine babies entered
in the baby show, 38 under 15 months
old and 16 from 15 months to 2 years.
They were all handsome babies and
every mother was proud of hers and all
the others. There was a big crowd to
see them and the room, where they were
off the upper hall, was too small for the
show. We venture to say there will not
be a prettier

An Excuse and Acknowledgement

This is the ninth year we have issued the Fair Daily. The story it tells each year is worthy of reading—to be sure one year with another seems very much the same, but the story is different.

Business men and women drop out and their places are filled with new ones—or their business failed to be represented.

It is safe to say a large majority of the progressive men of the two villages are represented in the issue of the Daily. Look it over—see who they are—they invite you to do business with them, they want your trade and they will use you well.

Don't leave the grounds without a copy of the Daily. Take it home to be read by those who have not come to the fair—no charge is made of the Wednesday's edition, it is given away to those who want it. Don't leave the fair, without one.

We extend thanks to the men and women whose business and good will towards us and the community in which they live, render it possible to issue a Daily edition of the ADVERTISER even once a year.

Feeders of the Hungry.

Once again the booth of the South Paris Congregational society is open for their trade. It is one of the most popular eating houses on the grounds and has a generous patronage, for the merits of the cookery of these ladies is known far and wide.

Another veteran society is the Second Congregational society of Norway who are in the building they have occupied so many times. They too always have a large run of business and are prepared this year to handle more than ever before and if the promise of good weather and large crowds proves true there is no reason why they should not receive it.

Third in the line of eating houses is the one of the Norway Universalists, but no one of their patrons will say that they are third or second to any other. Yearly their capacity is taxed to supply their patrons and each year they make larger preparations and receive more trade.

Twitchell Brothers of Oxford are right on hand with their special dinners and their large supply of fruit of every description together with peanuts.

Alvin Lovejoy of Oxford has as for nine years the small booth facing the exhibition building. Staple dinners of beans and accessories is his specialty and there is a good run of custom.

Profitable Poultry.

Harry E. Lovejoy displayed two coops White Plymouth Rock fowl, two coops White Plymouth Rock chicks, two coops Buff Cochins, one coop White Leghorns, rose comb, one coop barred Plymouth Rock chicks, one coop Buff Cochins Bantam chicks.

Herbert Thurston, Norway, one pair White Plymouth Rock chicks.

L. L. Gilbert, the Norway poultry fancier, two coops Brahma fowl, two coops Brahma chicks, one pair Black Minorca fowl, one pair Black Minorca chicks.

L. W. Clark, South Paris, two coops White Wyandotte fowls, three coops White Wyandotte chicks.

Mrs. George B. Stone, West Paris, one pair Bronze turkeys, old, one pair native young geese.

You are invited to come in see us during the Fair. Our office will be open excepting Wednesday afternoon. It will be a good time to call and subscribe for the paper or leave an order for job printing.

NORWAY AND VICINITY.

The Election in Norway.

Election day in Norway passed off rather quietly, although there was a subdued excitement and knots of voters gathered and discussed the situation. From the very first it was apparent that a large number of stickers was being used and it was conceded that the Democratic candidate for sheriff would carry the town and with a vote practically the reversal of the party votes or other candidates. This was exceeded in the count and undoubtedly a large share of the defective ballots were also intended for Mr. McIntire.

149 straight Republican votes were cast, 257 Democratic, and the number of votes which could be counted were 870. 30 ballots were defective and had to be thrown out, while a number varying from 1 to 35 were blank for one or more of the offices. Carelessness in the use of stickers was noticeable, and the result of this misplacement is shown in the scattering vote. For county attorney, B. G. McIntire had 2, F. A. Foy, 1, C. E. Holt 1; for judge of probate, E. A. McIntire 1, and for county commissioner, M. L. Kimball 1. The detailed vote of Norway is shown in the tabulated vote of the county. But 408 votes counted on the act to increase pay of members of State council, senator and representative.

Preparing to Exhibit.

Saturday the grounds began to appear as if there was a little something going on. Archie P. Hoist of Gilead, the veteran amusement man, brought his merry-go-round and set it up for the season's rush. The proprietors of the booths, many of them came over to see that all was right and to clear their booths ready for the week's business. In the hall the ladies of Mountain Grange were preparing for their exhibit with which they aim to take the prize. A good show of the horses had arrived and were made comfortable. Some were out on the track for limbering up.

President Wheeler, Secretary Frothingham with his assistants and the superintendents of departments were on hand bright and early, Monday morning, but early as they were they found many waiting for them. There was not a great rush for entries or applications in the morning and the secretary's staff was organizing ready for the rush soon to come.

The day was brilliant and warm and gave good promise of certain good weather and a most successful fair. There were numbers on the grounds notwithstanding election day.

In the upper hall the committee of Mountain Grange of North Buckfield, West Paris Grange and Norway Grange were preparing their exhibits. In the lower hall were a few exhibitors commencing their work.

As has been the custom for some years an electric arc light is placed near the exhibition building on the highway and will be run nights. The Eastern Telephone Co. have established a pay instrument in the committee room the same as last year.

The society's white flag was raised at 10 o'clock and floated lazily in the air. W. P. Morton was busily engaged in touching up the signs of his patrons, and in painting new display signs as the public demanded. Very little was doing on the midway, though one or two tents had been erected and a few teams had gathered, carrying stock to supply booths which were soon to be built.

The Oxford County Fair Grounds.

CAPACITY FOR HANDLING A BIG EXHIBIT AND A LARGE CROWD.

I wish to state through the Advertiser a word in regard to the Oxford County Agricultural Society and the accommodations it has for the people.

We have ample grounds, well located between the villages of South Paris and Norway, with electric cars running past the gate every fifteen minutes. We have a nice exhibition hall, with offices in addition connected, large dining rooms, amply furnished and fitted to care for and feed a large crowd, a grand stand 300 feet long, with a seating capacity for three thousand people, a nice judges' stand, and one of the best half mile tracks in the state. There has been a large expenditure on the track this year, which has made it one of the best tracks there is. We have covered stalls that will care for 225 neat stock and tie-ups in the shade for 225 cattle in addition. We have thirty covered pens for sheep and swine and 84 roomy box stalls for horses. We desire to give the public some idea of the arrangements so they may know there is plenty of room.

There will be a band concert each day and the best list of entries for trotting purses that has ever been received. The hall exhibit will be larger than ever before. Five or six granges will exhibit the products of the farm and their industry, and the hall exhibit will also include many other manufactures. The hall will be well filled with fruit and other products.

I give you this letter so the public may fully understand that there are ample grounds and good entertainment. We are anxious to have this the best fair the society has ever had. The trustees have labored hard to make it a success in every respect, if the weather is pleasant.

W. J. WHEELER, President.

Wednesday Morning.

The rain early Wednesday set matters back, and so it was not quite so stirring as usual at the same time in the morning. It appeared to most everyone however that it would clear, and be a good day. The management decided to continue the fair.

At the secretary's office the clerks were busy at an early hour, and there were many entries. In the stock department the entries were not made as early or in as large a number as last year, though some very fine cattle are on the grounds, and three hundred head or more are exhibited.

There was a gratifying number on the grounds in the forenoon. The merry-go-round started early and did a good business, while the fairs were right at it.

The poultry show is as good as for years and there are many fine looking birds.

A hurdy-gurdy in a team drawn by a rather discouraged looking horse and accompanied by a man and woman furnished music on the streets of Norway and South Paris Tuesday.

An Alamo gasoline engine belonging to Lovejoy Bros. of Oxford and which has been run in this section a year as power for a wood sawing plant, is set near main entrance and is running.

The receipts Tuesday were double that of the first day of any preceding fair and fully a thousand tickets were sold.
